

Affordable 80 acres conveniently located near several Northern Black Hills towns. This property is native pasture adjacent to a county maintained gravel road. There are 3 ponds providing excellent livestock water. Antelope and ducks can be found frequenting the ponds. Several draws provide protection and privacy. Nice views of Bear Butte and the Black Hills to the southwest. The adjoining 80 acres is also for sale at the same price. Together they would make an outstanding ranchette. Quiet place to call home with no covenants. **\$104,000**
