

Spectacular setting in the northern Black Hills of South Dakota. One of the most impressive things about this property is the incredible view that stretches for miles in each direction from high on top of the ridge. Ponderosa pine trees and rim-rock outcroppings offer a stunning landscape that provides a variety of habitat for wildlife of all kinds. Whitetail, mule deer, turkeys and an occasional elk or mountain lion are all a part of the natural beauty at Eagle Ridge. Lots of potential with this property from a private retreat or cabin to a lodge, the possibilities are unlimited. Close to a paved highway, yet secluded and private, the location is excellent. Also close to all of the recreational opportunities in the Black Hills from hunting, snowmobiling, skiing and hiking to boating, fishing, and golfing. **\$240,040**
